30 YEARS
OF INNOVATION

2025 | ISSUE 7

A Year of Progress, Partnership, and Purpose

Andrew Reeders

As we reach the end of another remarkable year, I am filled with pride and gratitude for what we have achieved together at Topigs Norsvin South Africa. The year has been defined by progress, collaboration, and a shared commitment to pushing the boundaries of genetic excellence and sustainable pig production. Our collective efforts have not only strengthened our local footprint but have also reinforced our role as a trusted partner to South Africa's pork industry and beyond.

One of the standout moments of 2025 was celebrating our **30th anniversary**, a reflection of decades of dedication to our industry. This milestone reminded us of the resilient foundations on which our company is built, while reinforcing the importance of embracing new technologies, science-driven solutions, and smarter ways of working to meet the evolving needs of producers.

Looking back on the year, it is clear that none of these achievements would have been possible without the extraordinary people behind them. To the Topigs Norsvin South Africa team, thank you for your hard work, passion, and continued dedication. Your resilience and expertise continue to drive our success.

To our **Clients**, **Partners**, and **Stakeholders**, we extend our deepest appreciation. Thank you for your trust, collaboration, and open engagement throughout the year. Your support fuels our mission and strengthens our shared vision for a productive, sustainable, and innovative pork industry in Africa.

As we close the chapter on this year and look ahead to the next, I am confident that we will continue to grow with purpose, innovate with intent, and build on the momentum we have created together.

Thank you for being part of our journey and here's to an even stronger year ahead.
