Celebrating the best of our industry

AUTUMN

Topigs Norsvin SA ... what drives us

At Topigs Norsvin SA, we don't just provide genetics – we cultivate partnerships. Every decision we make, every programme we run, and every relationship we build is guided by our commitment to excellence and integrity.

Our mission

To ensure our partners' continuous competitive advantage through our local breeding programme, delivering genetic progress.

We aim to empower our partners with the tools and genetics they need to stay ahead in a rapidly evolving industry. Our mission isn't just about pigs - it's about performance, future-proofing, and the success of everyone we work with.

Our core values

Honesty and integrity

We believe in transparent communication and ethical decision-making. Trust is the foundation of every partnership we form.

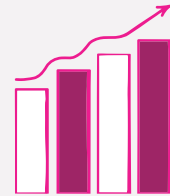

Responsibility and reliability

From farm to office, we act responsibly and deliver consistently, upholding the highest standards.

Commitment

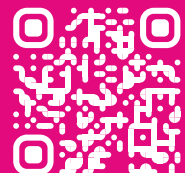

We are dedicated to our mission, our partners, and the future of the industry. Commitment drives our long-term relationships and the continuous improvement of our genetics.

Performance-driven excellence

We are focused on results. Innovation, efficiency, and measurable progress guide every aspect of our breeding programme and business operations.

Our values aren't just words – they are how we conduct business every day. We are proud to support the industry with integrity, responsibility, commitment, and a relentless drive for performance.

Topigs Norsvin SA technical team: From farm to fork, we support your success

From genetics and on-farm performance to carcass quality and retail outcomes, our technical team supports every stage of the pork value chain. With strong connections to the global Topigs Norsvin technical network, we help our partners solve challenges, improve efficiency, and maximise the value of TN70 and TN Tempo.

TN70

The engine behind profitable production

Maternal genetics that are designed to maximise sow productivity while driving growth, efficiency, and value through finishing.

TN Tempo

Every kilo counts

TN Tempo is bred for carcass value and profitability. Fast and efficient growth adds weight. Exceptional slaughter-out percentage results in more kilograms paid.

*The same hands that shape clay with
patience and respect are the hands that
nurture life on a farm; steady, attentive,
and guided by time.*
